### WHERE SEATTLE MEETS & GATHERS!

Built in 2009, the Duwamish Longhouse is the home of Chief Seattle's Duwamish Tribe. The cedar longhouse is a traditional NW gathering space built to modern building standards. Meeting, reception and banquet spaces welcome your guests. The reception area includes exhibits and an art gallery. It's a one of a kind location in Seattle: a business retreat 4 miles from the distractions of downtown and/or an enchanting NW experience for entertaining guests. Located across the street from 2 waterfront parks.
