

Firing Rates

Electric Kiln Rentals

- A. Cost of renting a full 7 CF electric kiln is \$120.00 Low fire (bisque & glaze firing with your own glazes) and \$135.00 for cone 6.
- B. Cost of bisque only is \$40.00
- C. Cost of glaze firing plus use of studio glazes (no bisque) is \$85.00 low fire/\$100.00 cone 6
- D. Cost of bisque firing plus use of studio glazes without final firing is \$75.00

Full firing charges (C,D) includes the use of studio glazes if you are familiar with glazes and glazing techniques. Glazing instruction is not included.

Once firing work (no bisque fire, just glazed raw ware with your own glazes) is \$75.00 per kiln load.

Payment is due when work comes into studio.

Firing work by the piece costs \$.03/cubic inch, with a 2" minimum for height. Greenware is measured, the CI calculated, and payment is made for firing at the time work is brought into the studio. It usually takes about a week for a bisque firing to be done. For work fired by the piece, our bisque temperature is cone 06, and glaze firings are at cone 04 or cone 6.

Glazing Considerations and extra costs:

The renter assumes responsibility for any kiln damage caused by mistaken identification of a clay's firing temperature.

The renter agrees to pay Rosie Creek Studio the replacement cost of any damaged kiln shelves (resulting from glaze drips or runs). All work must be free of glaze on the bottom.

Single piece melts to a shelf \$10.00

Replacement of extensively damaged half shelf \$40.00

Replacement of extensively damaged full shelf \$50.00

Gas Firing rental

Individuals or independently coordinated groups may rent the 20 cubic foot gas kiln for cone 6 & 10 reduction firings. The price for a cone 10 glaze firing is \$35.00/cf or \$700.00. The price for cone 6 glaze firing is \$25.00/cf or \$500.00. Firings can be coordinated with Lisa (studio manager)

Renters participate in loading and firing, but the firings are conducted by studio staff. Renters assume the same responsibilities regarding use of the studio glazes and glaze drips or runs in the gas kiln as those assumed with the electric kiln rentals. Bisque firing is not included.

At times during the year there is space in the gas kiln for individual pieces, they will be calculated on a CF basis and must be paid for before the kiln is fired.

To schedule a firing please contact Lisa in the studio.
